AFSPC MPA UPDATE

POLICY CHANGES

- GWOT MPA Tours will not exist as we knew them in FY05
  - In the past IMAs could be called in for every SMC deployer
- HQ USAF/DPM has redefined MPA into two categories Wartime Effort (WE) and Peacetime Effort (PE)
- Wartime Effort (controlled by Air Staff) is defined as:
  - In support of OIF/OEF, for a UTC in a TPFDD against a current O-Plan **OR** OIF/OEF backfill only
- Peacetime Effort definition = non-deployer
- All waivers eliminated due to a change in law that no longer counts Reservists on man-days (up to 365 days) against AD end strength
- Previous law required waivers at 139, 179, 270 and 365 days

POLICY CHANGES

- WE and PE benefits and processes are different
- WE benefits/processes:
  - WE full BAH from day one
  - Enduring TRICARE benefits after 90 days
    - See TRICARE Reserve Select website
    - http://www.tricare.osd.mil/reserve/reserveselect/
  - All approvals at Air Staff…expect turn times of up to 30 days
- PE benefits/processes:
  - Full BAH only after 139 days
  - Per AFSPC, all IDTs and AT must be done prior to granting MPA, extended man-day requests
  - No TRICARE Reserve Select eligibility
  - New “tour control” procedures will be developed by AFSPC once the new guidelines are fully understood

IMPACT to SMC

- SMC/CCV will categorize as many tours as possible into the WE category for funding and benefit reasons
  - And will use the following **Prioritization Scheme**
- **PRIORITY #1:** Backfill 6XXX, HQ SMC deployments
- **PRIORITY #2**: Backfill 61st ABG deployments
- **PRIORITY #3:** Augment/Support, HQ SMC mission
- **PRIORITY #4:** Augment/Support, 61st ABG mission
- The proposed prioritization scheme is a guideline that:
  - Demonstrates how SMC/CCV will approach distribution of FY06 man-days
  - Will be used in conjunction with written justification
  - Will be subject to new AFSPC guidance on manning levels

HQ SMC/CCV RESPONSE

- Upon receipt of the FY 06 MPA allocation, SMC/CCV will build a suggested distribution for:
  - WE on: AEF tasking projections
  - PE based on: Written justifications received and AFSPC “tour control” procedures
- FY06 tours will not be issued/allocated until guidance is fully deployed and training is received from Air Staff
